# LIBRARY SERVICES IN JEOPARDY NOW IS THE TIME TO ACT!!

The Board of Education plans to totally eliminate library funding from their FY2010-2011 budget and City to reduce by \$10,000.00!!

### **WHAT COULD HAPPEN:**

- Reduction in hours of services to the community.
- Lose the T-1 lines which provide Internet access to our library.
- Lose GALILEO research databases.
- Lose PINES - this would effectively cripple our libraries since we would have no way to circulate materials to the community.
- **WE CLOSE OUR DOORS ENTIRELY!**

An approved waiver must exist for the above items not to happen. Waiver approval for the Board of Education funding loss is **not a guarantee** but negotiations are continuing with local funding agencies.

A waiver can only be approved by the State and the funding agency must document and prove they are financially unable to maintain current funding levels. Also reduction of funding to the Library must be of an equal or smaller percentage to reduction of other funded departments and agencies.
